

## GPV-20-12, GPV-20-24 power supply

**Power:**

24 W

### Basic info

- professional class
- fully encapsulated with IP67 level
- can be applied in places exposed to humidity, water, weather conditions
- output - wires
- 3 years warranty

## Technical parameters

| Variant                       | 12V                                                      | 24V |
|-------------------------------|----------------------------------------------------------|-----|
| Power                         | 24 W                                                     |     |
| Output Current                | 2 A                                                      | 1 A |
| Dimensions                    | 140x32x25 mm                                             |     |
| Minimum operating temperature | -30 °C                                                   |     |
| Maximum Operating temperature | 70 °C                                                    |     |
| Minimum storage temperature   | -40 °C                                                   |     |
| Maximum storage temperature   | 80 °C                                                    |     |
| IP degree                     | 67 IP                                                    |     |
| Input Voltage                 | 90 ~ 264 V AC                                            |     |
| Protection                    | shortcircuit, overcurrent, overvoltage, over temperature |     |
